

*(I suggest sending Jacques your evidence and letters as soon as possible. I have spoken with him. He is preparing to send a most thoroughly researched letter with supporting photos and letters - JH)*

The reason for this e-mail is that I, like many other users of Gatineau Park, am frustrated by the poor grooming in the Park and the NCC's refusal to do anything to improve the situation.

I am preparing to file a formal complaint with the NCC's Ombudsman. To bolster my case, I am looking for 2 things.

- Evidence of poor grooming, either anecdotal or pictures.
- Letters of complaint sent to the NCC, and any response

If there is anything you can do to spread the word that I am filing this complaint, and encourage people to contact me with any evidence they might have of poor grooming, I would really appreciate it.
